Skills

Our Skills Clinic is all about you. The Focus is 100% on improving your skills as a player.

We will be focused on the Variable Goal Training (VGT)

Model created by

Ludek Bukac

The Training format will focus on multiple skills, worked on in small areas that challenge players to improve their skills, while creating options and the freedom to make creative decisions.

Finally, we will take those skills and decision making and finish the evening playing Small Area Games.

In addition I also give permission for my child to be photographed and that photograph to be used in Arena promotion and advertising.
